Eastern Idaho Public Health, 1250 Hollipark Drive  
Idaho Falls, ID

---

<b>Attendees:</b>	Terriann Parker, Chair	Wendy Nelson	Tina Ricks
	Shane Boyle	Cheryl O'Connell	Randy Rodriguez
	Brandi Daw	Randy Parker	Brenda Valle
	Janet Goodliffe	Dave Peters	Mechelle Wilson
	Crista Henderson	Angie Radford	

---

## Minutes

---

**Agenda item:** Welcome & Roll Call **Presenter:** Teriann Parker

---

**Agenda item:** Additional Agenda Items **Presenter:** Teriann Parker  
No additional items.

---

**Agenda item:** Approval of 7/15/2016 meeting minutes. **Presenter:** Teriann Parker

**Discussion:**

Teriann asked for any changes to the July meeting minutes. No changes were proposed.

**Conclusions:**

Dave Peters made a motion to approve the July 15, 2016 CMH meeting minutes. Motion seconded by Janet Goodliffe. Passed with unanimous approval.

---

**Agenda item:** Idaho Federation of Families **Presenter:** Steve Graci

Mr. Graci was not in attendance at the meeting. The following informational update was sent to Teriann after the meeting.

- A viewing of the film, Paper Tiger, will be held 10/13/16 at University Place at 6:30 p.m. There will be a panel discussion featuring Logan Zuck and others following the film.
  - Logan Zuck has been appointed to serve on the Interagency Governance Team providing oversight of the Jeff D (YES) implementation and did a fine job at the first meeting.
  - A new Parent Network that is being formed with the Federation and the Department of Behavioral Health. If anyone knows of a parent who may be interested in participating in the network, have them contact Carol Dixon at [cdixon@idahofederation.org](mailto:cdixon@idahofederation.org) or at 208-433-8845.
- 

**Agenda item:** Report on Celebrate Youth **Presenter:** Teriann Parker

**Discussion:**

Dave Peters reported that this event was a huge success. "Stomp Out Stigma" was the theme and Dave estimated that 10,000 to 14,000 individuals attended the event. The children who stopped by the booth were able to trace their footprint, decorate the foot, and attach it to the board. Participants received raffle tickets to put into a drawing for age appropriate baskets of art supplies. Dave brought the board with the footprints to show CMH committee members. While the kids were decorating their footprints, Behavioral Health volunteers were able to visit with parents and provide them information.

Shawn reported they had "Escape the Vape" booth. We will be hearing that presentation later in the meeting today.

**Conclusions:**

Members of the committee would like to see if in the future there is a way to track how people heard about the event so we can determine which marketing type works best. Dave said they could have the clinicians ask that questions in the future.

---

**Agenda item:** Blue Cross Grant Update **Presenter:** Teriann Parker

**Discussion:**

Mimi reported to Teriann that we have 111 Survey Monkey responses for the October event. We have mailed out 350 "Save the Date" cards to child care providers. Mimi has finalized the Blackfoot poster. Flyers are available on the back table. Other agencies have been sending and emailing the information also. Janet reported we have the capacity for 300 at Dr. Henry's presentation.

Dave reports we are on track for both the Arco and Blackfoot presentations. All the speakers have committed and we will have snacks and water available. DJC will provide the refreshments at the Arco meeting.

Janet announced The Idaho Children's Trust Fund has a grant opportunity focusing on child abuse and neglect. The grant is between \$1,000 and \$5,000. This will be placed as an open topic on next month's agenda. More information can be found at <http://idahochildrenstrustfund.org>. The grant application is due on September 19<sup>th</sup>.

Teriann will not be able to stay for the RBHB meeting and asked that someone report on this meeting. Dave volunteered to do this.

**Conclusions:**

Teriann requested Mimi send out information regarding the Blackfoot meeting to the individuals on the list who provided their email information.

Next month we will be meeting 30 minutes early to discuss specifically the Blue Cross Grant.

---

**Agenda item:** Roundtable **Presenter:** All

**Discussion:**

- Wendy Nelson, Optum Field Care Coordinator: She would like the CMH committee to think about the issues that arise for those transitioning after they turn 18. Not everyone loses their Medicaid at 18, they could stay on until 21 depending on if they are in the foster care system or in the juvenile system.
- Shane Boyle, Department of Juvenile Corrections: They recently hired a new clinician, so they now have a clinician on every unit now to work with children with mental health needs or sexual offending behaviors. They have a mental health fund the counties can request to help keep kids out of the system. There is also re-entry and mental health funding for the kids who are leaving.
- Angie Radford, Optum Auditing and Quality Care: They are working with Federations of Families and Idaho Children's Trust on the Paper Tigers. She will have more information after a Monday meeting and will send it out.
- Tina Ricks, Behavioral Health Center Program Coordinator: They serve children ages 12-18.
- Brandi Daw, Behavioral Health Center: They are working with schools and pediatricians in the communities to meet with their child psychiatrist to discuss symptoms and behavior management. They are trying to give education and information in regards to working with adolescents and children. They have recently begun their IOP Program for adults and will be sending it out when we have more payers set up. BHC is planning a Behavioral Health Conference in Rexburg on November 19<sup>th</sup>. There will be a community track and a professional track.
- Dave Peters, Region 7 Behavioral Health - Children's Mental Health: They have a new Clinical Supervisor, Mike Diamond, who will supervise staff in the Idaho Falls and Rexburg offices. He may attend some of these meetings in the future. A trend they are seeing in children's mental health recently is the increase in the number of young children with significant issues (ages 8-12). They are sending them to MaKay Dee Hospital because they are willing to accept Idaho Medicaid. The main diagnosis varies but it is an extreme level of trauma that is driving a lot of the behavior.
- Mechelle Wilson, Region 4: She gave the group an update on the Respite Pilot Project out of Ada County.
- Brenda Valle, Optum Network manager for Regions 6 and 7: They are working on community outreach.
- Randy Rodriguez, Program Manager of Region 7 Behavioral Health: There is a respite contract for the state, it is \$150,000 set aside for Region 7 in respite. His understanding with the board and this committee is that we are going to continue to support respite; however, it sounds like we are not interested on taking on that contract at this time, but we may later on in the spring. We need guidance to figure out how to use the funds. We will be meeting with the

directors of public health. We want to make sure that children have access in our community. The group had discussion regarding respite care.

---

**Agenda item:** Public Comment

**Presenter:** Teriann Parker

**Discussion:**

None.

---

### ***Other Information***

---

**Other Business:** Teriann request to add a line to our agenda for Respite Funds discussion.

**Adjournment:** Shane Boyle made a motion to adjourn the meeting. Motion seconded by Crista Henderson. Passed with unanimous approval.

**Next Meeting:**

September 16, 2016 at 10:00 a.m. (note earlier time).
