**Agenda item:** Respite Funds **Presenter:** Teriann Parker

- Dave has not seen a large increase in the number of respite calls.
- Janet asked if we could ask candidates for respite to find out why they are not using it.
- Laura Wallis stated that the thought of trying to find someone, interviewing them, doing a background check, and then training them is overwhelming. She would like to see an easier process for finding respite. A pool of people already do background checks and are ready to help.
- Randy Parker suggested contacting Stacey Hart at ISU for possible social work student help since all social work students have been background checked already.
- Dave said that finding good respite care has been a problem for years. The Idaho Federation of Families is a clearing house for respite. The Federation provides training and background checks.
- Steve Graci said the Federation does have a directory and provides training and background checks. They do have a problem getting people to sign up and go through the training. In Region 7, there are only 3 people on in the data base. The Federation does not provide the people and does not give recommendations, they just maintain the list of the people who took the respite webinar training and passed a background check that is paid for by the Federation. It is up to the parents to negotiate duties, rate of pay, and level of care needed. They

have people take the webinar and get the background checks but never sign up on the directory. Traditional respite is up to the parent.

- Laura Wallis provided the group with information about care.com. Steve Graci will get contact information for Laura so they can discuss care.com further.

**Agenda item:** Blue Cross Grant Update/Conference Planning **Presenter:** Teriann Parker

**TRAUMA CONFERENCE**

- The October Trauma Conference is full at this time with about 45 people on a waiting list. The event is scheduled at University Place with a capacity of 275 people. A decision needs to be made soon if we want move the event to a larger venue. We could move it to a larger room at University Place but there would be no tables. Mimi will check the Pinecrest Event Center to see how their facility would work.
- Spencer Webb said there may be Optum funds available to help but there is an application process.
- With the added expense, we may go over budget. During her report, Teriann will make a motion to the BHB requesting that if the grant goes over the BHB will pick up the costs. We are currently at \$6555 and this does not include any of Dr. Henry's expenses.
- Items and flyers that need to be put in the swag bag need to be given to Mimi before the bags are stuffed. Dave and Teriann offered to help with this.
- Teriann has collected some donated items to have raffles during the conference.
- Janet requested we have a list of places participants could go for lunch. Teriann said she will do this.
- Dave said we could maybe rearrange the schedule so lunch could start at 11:30.
- This group will meet again before the conference to finalize the agenda and schedule. Teriann will schedule the meeting and notify everyone.

**BLACKFOOT ROADSHOW**

- A-Z will provide the snacks.
- Kendra from the Blue Cross Foundation is planning to attend.
- Mimi has placed ads in the Blackfoot Morning News and the Shelley Pioneer and sent several press releases out, and done multiple Facebook posts. Dave has notified the special education directors at Shelley and Blackfoot.
- Bags are stuffed
