**Agenda item:** Blue Cross Grant Update **Presenter:** Teriann Parker

### Discussion:

The Blue Cross Grant was awarded. A subcommittee of both board members and community partners was created to help support the CMH Subcommittee in the planning and execution of the roadshow training and use of grant funds. This subcommittee will remain open for more individuals to participate as the project progresses. The subcommittee will need to create timeframes and get in contact with key individuals in the 6 areas selected for the training: Driggs, Dubois, Arco, Salmon, Blackfoot, and Idaho Falls. A presenter for the trauma focused training, that will be the conclusion to the roadshow, has been selected and Dave Peters will make contact to coordinate a day in September that will work for him. Janet Goodliffe presented the idea of having interns from different fields of study be involved in the planning and execution of the roadshow training.

### Conclusions:

Committee Members: Teriann Parker, Darin Burrell, Rebecca Perrenoud, Randy Rodriguez, Janet Goodliffe, Crista Henderson, Paul Roberts, Shane Boyle, and Kathy Gneiting.

**Agenda item:** Idaho Federation of Families **Presenter:** Kathy Gneiting

### Discussion:

Kathy Gneiting was in attendance for Steve Graci. The theme for the poster contest has been selected: Star Wars. The planned locations for the poster contest are: schools, BHC, and SHS. There is some confusion surrounding the regional expectations and time allotment for the Idaho Federation of Families sponsored webinars that will coincide with the CMH Awareness week in May. The subcommittee had committed last month to do a one hour presentation on Friday May 13<sup>th</sup> but are being told there are two 90 minutes slots for Region 7. Kathy Gneiting will get clarification from Steve Graci and will let Teriann Parker know. The CMH Subcommittee has a presenter in mind but still needs to confirm with him. Ideas on possible other presenters were explored by those present in the event a second presenter is needed from the region for the webinars. (Pharmacist, STAR, etc.)

**Agenda item:** Additional Agenda Item: Update on Respite **Presenter:** Dave Peters

**Discussion:**

Dave Peters reported on the changes to the expectations for those trying to access Respite. If a documented diagnosis from an agency can be provided for a youth they do not need to go through another assessment process with the state to obtain Respite funds. The challenge still remains in there being a lack of respite providers but families have the option to select who they would like to provide the respite service. Dave Peters will send out talking points on Respite and these will be distributed to the community.
