Change - “Teriann Parker believes the training aligns with several components of the R7BHB’s Strategic Plan; however, correlation with specific objectives would need to be identified” to “Teriann Parker stated that the training aligns with several components of the R7BHB’s Strategic Plan.”

Second: Janet Goodliffe

Action: Motion passed

4. FINANCIAL REPORT

- Randy Rodriguez reported on the YTD FY2018 financials. Year to date total revenue is \$20,838.00. Total expenditures are \$13,873.21. The YTD balance is \$6,964.79. With carryover dollars, the current fund balance is \$56,249.68.
- Year-to-date FY2018 funds spent on grants is \$150.44 (Holiday Giving Challenge at the Behavioral Health Crisis Center of East Idaho).

5. CONFLICT OF INTEREST DISCUSSION

- Chairman Sam Hulse talked about the approval of the ART Training fund request at the November 17, 2017 meeting. During the meeting, Teriann Parker made a statement that there were four individuals on the R7BHB who would benefit from the training. After the meeting, potential conflict of interest was discussed; specifically, Board members benefitting financially from a decision voted on by the Board. Conflict of interest should be disclosed by Board members and those with a conflict should abstain from discussion and voting.
- Judge Greg Moeller referenced Idaho Code Title 74, Transparent and Ethical Government, which addresses conflict of interest. Whether this applies to the R7BHB, which was created by state statute, or not, we all are responsible to act ethically. If a person has a pecuniary interest or other interest in the outcome of a Board decision, the law typically requires disclosure and non-participation. Interest applies to family members as well.
- In light of this new information, Chairman Hulse made a recommendation to readdress the issue and vote again. Individuals who have a conflict of interest will abstain from the vote.

- Individuals on the Board who abstain from the vote will still be able to attend the training if it is approved and offered.
- Regarding conflict of interest, Teriann Parker inquired about the process of selecting trainings for CEUs for Children's Mental Health Awareness Week. She benefits from those trainings (free CEUs) and wants to know if she needs to have another Board member present her future requests. Judge Greg Moeller stated that it is always better to have a non-board member present and speak on issues when a conflict might exist. Discussion and debating an issue is considered part of the voting process.
- Judge Moeller suggested that the Board get an opinion from the Attorney General's office on conflict of interest so moving forward, everyone is clear about it.
- John Tanner asked about members of the Board who are being reimbursed for mileage to attend the meetings. Chairman Hulse stated that this is a separate issue and covered under a separate R7BHB process.

Motion: Janet Goodliffe made a motion to rescind the motion made at the November 17, 2017 meeting regarding the funding of the ART Training and have further discussion on the topic.

Second: Commissioner Todd Smith

Action: Motion passed.

- Teriann Parker disseminated a document that itemized the specific costs of the training.
- There will be a registration process for individuals requesting to attend. The Board will not make the decisions on who will or will not attend the training.
- Chairman Sam Hulse feels this type of training fills a need in the community.
