JEFF D PRESENTATION

DISCUSSION	Pat Martelle, project manager at the Division of Behavioral Health leading the development of the Jeff D settlement agreement, presented over the phone on the context of the 35 year old case including a brief history and the terms of the settlement agreement. The state is required to have the Implementation Plan ready by March for review by the courts. Connection with Pat Martelle was lost for a time and Kelly Keele, present, provided some additional information.
CONCLUSIONS	There was not sufficient time to have a Q&A session with Pat Martelle. Board members were encouraged to send any questions to EIPH support staff and it would be assessed if there is a need to have Pat Martelle attend a future board meeting.

DISCUSSION	Randy Rodriquez reported on the finances of the board as of the time EIPH entered into a contractual agreement with Idaho Department of Health & Welfare to support the establishment, maintenance, and execution of powers of the Regional Behavioral Health Board.

OPTUM REPORT

DIONNE CHATEL

DISCUSSION	Dionne Chatel from Optum presented their Quarterly Report. Q&A session ensued post review of the report. Highlights from Q&A: Training opportunities provided by Optum do not offer CEU's due to the certification of the trainers. Optum satisfaction surveys are only sent to those who are currently in treatment and it was inquired if those who leave treatment against medical advice are recorded. Clarification was provided on page 3 of the report: "By the Numbers." Tracey Sessions reported on a new process between State Hospital South and Optum where those that are being discharged are given reminder texts about their first outpatient appointment post discharge. Additionally, the state hospital is completing a study on readmissions and the concerns associated with not getting authorization for Medicaid participants promptly. It was inquired whether outpatient providers are able to participate in the discharge planning for their patients, namely providing case management prior to discharge and aiding in the transition from the hospital to an outpatient setting.
CONCLUSIONS	Next month there will be time on the agenda for Optum to follow-up on the questions presented at the meeting.

RECOVERY CENTER

SANDY BAIOTTO

DISCUSSION	The recovery center is a result of the Behavioral Health Crisis Center of East Idaho needing additional recovery referral sources. Rex Thornley and Sandy Baiocco provided a concise summary of the situation the recovery center is currently in. Due to the unlikelihood of receiving financial support from the Millennium Fund and the lack of obtaining a non-profit status, the recovery center is looking at options of organizations to align with and other possible financial solutions. One option is for the recovery center to come back under the Regional Behavioral Health Board.
CONCLUSIONS	It is requested that Rex Thornley and Sandy Baiocco prepare a presentation for the next board meeting to discuss and explore options to support the success of the recovery center. Time will be allotted on the agenda for the February board meeting.

CMH SUBCOMMITTEE REPORT

TERIANN PARKER

DISCUSSION	Teriann Parker gave a summary of last month's subcommittee meeting through review of the meeting minutes. Board members and community attendees were encouraged to volunteer to help in the subcommittee to assist in the planning and execution of the training and use of grant funds. Subcommittee Members: Teriann Parker, Darin Burrell, Rebecca Perrenoud, Randy Rodriguez, Janet Goodliffe, Crista Henderson, Paul Roberts, Shane Boyle, and Kathy Gneiting.
MOTIONS	Rebecca Perrenoud motioned to approve the CMH Subcommittee meeting minutes from the December 18, 2015 meeting. Randy Rodriguez seconded the motion. Motion Tabled. The December meeting minutes could not be approved due to there not being a quorum present.
CONCLUSIONS	The meeting minutes from the December 18, 2015 CMH Subcommittee meeting will need to be approved at the February 2016 board meeting.

These issues are being addressed by other workgroups and John Tanner will keep the board updated.
